

# Ruby™ Bin

## Circulation system

Dialoc ID designs and creates optimal effectiveness in material handling in any library environment.

No more bending: easy access to the contents of the trolley for ergonomic working in libraries.

These trolleys are used in libraries for collecting books in combination with sorting machines, bookdrops or similar collection/returning points.

### Specifications

#### Features:

- Sturdy, generously dimensioned edge and floor profile, highstrength positive locking ensures permanent bonding to jacket metal.
- gray bumper at the top.
- Trolley with vertically moveable base which keeps the load at constant height for easy access.
- The moveable base does not tilt, even when loaded on only one side.
- Wheels: 4 swivel, 125mm, 40mm wide, easy running rubber wheels, "nonmarking", ball bearings, thread guards.
- Anodized aluminum.

#### Available dimensions

|     | LxWxH (mm)       | Vol (l) | Weight (kg) | Load capacity (kg) |
|-----|------------------|---------|-------------|--------------------|
| Bin | 1030 x 630 x 800 | 336     | 50          | 70                 |
